Benefits of this Role and the Place

This is a family oriented, reliable, fun place to work.

Many of our staff members have been with us for over 10 years with some as long as 25 years. We do believe in promoting from within and all of the present owners were once employees, some having been here over 29 years.

We reward hard work and teamwork and are enthusiastic about the future with many new possibilities in a number of areas available to us.

As former employees all of the owners want to see our staff excel and learn. We have an education reimbursement policy for training in relevant courses and are presently working on revamping our OHS (Safety) program to become a leader in proactive work safety. We also have an Apprentice Mentorship Program that our journeyman staff and apprentices participate in to ensure our young people get the training and support they need to be successful. We know it is tough to find the right person for our specific positions and when we do, we do our best to keep them.

We are looking for someone who wants to make a long term commitment to a Career, a Company and a City. This person will benefit from being paid a good wage for good work and still be able to enjoy and share their off work time in a great place with their friends and family.
